

Congratulations on the purchase of your new PianoDisc Player system! Your PianoDisc Prodigy and our extensive PianoDisc music library will bring you musical enjoyment for years to come.

PianoDisc's free iQ Player App makes it easy to operate your Prodigy system and to purchase and download new music.

Let's get started!

First, download the PianoDisc iQ Player App...

- Open the "Settings" app in your iOS (iPad, iPhone, iPod) device and make sure that the WiFi setting is on and that you are connected to a WiFi network with an internet connection.
- Find and open the App Store on your iOS device. The iQ Player App is available on the Apple App Store.
- Search for "PianoDisc" in your App Store and install the PianoDisc iQ Player App. **Note:** To install the app, you will need to create an account with your device's App Store.

Download the free music...

Once the iQ Player App is opened, a portion of our free music library with over 600 songs will begin to automatically download into the app.

To download the remaining free music located in bundles 2-5, tap the "Settings" icon at the bottom right hand corner of the iQ Player App and then scroll down and tap the "Download complimentary music library".

To check on the progress of the downloads tap "Playlists" then tap "My Downloads".

After the free music bundles have downloaded, connect to the Prodigy's built in Bluetooth audio...

- Open the "Settings" app in your iOS device.
- Tap "Bluetooth" and select "PD SilentDrive BT Audio".

Now let's start playing music on your PianoDisc iQ system...

- Open the iQ Player App.
- Tap an album or individual song to begin playback and the "Now Playing" screen will appear.
- To adjust the volume, use the physical buttons on the side of your iOS device, or adjust it in-app by tapping on the speaker icon on the bottom of the Now Playing screen to open the Audio Adjustment window, and slide the white circle right or left on the first line.

For those NOT using the iQ Player App, please call tech support at 1-916-567-9999.
